

FARMS Leadership Program 2004/05

April Field Day: Trail Building at Bishops Ranch

Our penultimate field day was held on Thursday April 21st, at the Bishops Ranch and retreat center outside of Healdsburg.

Twelve students from Geyserville and Cloverdale High participated on this beautiful spring day.

Under the guidance of our host, Jack Dowling, the participants helped construct a new trail to serve 8,000 annual visitors.

Jack Dowling, Program Manager for the Bishops Ranch, hosted our visit and workday.

After a morning of teamwork and hustle, the group enjoyed a delicious dining hall meal with other guests, then headed out for a trail walk and visit to the "tree house."
