Hear an update from various local, state, and federal agencies/foundations offering grant monies through case by case inquiries & grant programs. Identify your chances, timeline, and steps to apply for funding. Speakers and handouts will identify both public and private sources of funds. Brief overviews of several programs provided.

Who should attend?

- Landowners interested in implementing watershed restoration or agricultural best management practices.
- Public agency and private organization personnel interested in applying for funds for resource management.
- Individuals interested in meeting contract administrators from a variety of funding programs
- Persons interested in determining the priorities and likelihood of receiving funding for a specific project.

If you need special accommodations, please let us know in advance so that we can make any necessary arrangements. Sotoyome RCD does not discriminate against any person or persons, based on race, color, national origin, religion, sex, disability, age, marital status, citizenship, or sexual orientation.
